

KEYS TO READING AND WRITING AT HOME

CREATE A SPACE

Designate a space for children to read and write. Stock it with books, pens and paper.

READ AND WRITE TOGETHER

Share and work on stories together. Help them understand they are part of a bigger story.

READ FOR 20 MINUTES EVERY DAY

Set the expectation that reading should happen every day. Set a timer, and let the kids choose what they want to read.

ASK QUESTIONS

Ask open-ended questions and let children answer from their own perspective of what they read.
